**Subject: Funding for Tenant-Protection Vouchers for Certain At-Risk Households in  
Low-Vacancy Areas - 2014 Appropriations Act**

1. **Purpose.** This Notice provides instructions, eligibility, and selection criteria on the funding process for tenant protection vouchers for certain at-risk households in low-vacancy areas, as provided for in the “Consolidated Appropriations Act, 2014” (PL 113-76), referred to hereafter as “the 2014 Appropriations Act,” enacted on January 17, 2014.
2. **Summary.** The 2014 Appropriations Act provides that up to \$5,000,000 of the \$130,000,000 appropriated for tenant protection actions may be made available to provide housing choice voucher rental assistance to residents residing in low-vacancy areas and who may have to pay rents greater than 30 percent of household income, as the result of:
  - 1) The maturity of a HUD-insured, HUD-held or section 202 loan that requires the permission of the Secretary prior to loan prepayment;
  - 2) The expiration of a rental assistance contract for which the tenants are not eligible for enhanced voucher or tenant protection assistance under existing law; or
  - 3) The expiration of affordability restrictions accompanying a mortgage or preservation program administered by the Secretary.

HUD is making up to \$5,000,000 in voucher assistance available under this Notice.

The 2014 Appropriations Act provides that the tenant protection assistance may be provided as either enhanced vouchers or project-based voucher (PBV) assistance. As is the case for Housing Conversion Actions, public housing agencies (PHAs) will receive a special fee for the extraordinary costs associated with administering the enhanced voucher or PBV assistance under this Notice.

This Notice describes the funding process for this assistance, including instructions for owners on how to apply for this rental assistance. Requests for assistance will be accepted on a rolling basis until the funding has been exhausted.

- 3. Eligibility.** An owner is eligible to request assistance for unassisted households/units at the property if the owner is in compliance with civil rights threshold requirements (as described below), the property is in a low-vacancy area<sup>1</sup>, there are at-risk households residing at the property, these at-risk households are not currently receiving other project-based or tenant-based rental assistance under Section 8 of the United States Housing Act, and the property experienced (or will experience) one of the following three events in Federal Fiscal Year (FY) 2014 (i.e., October 1, 2013 – September 30, 2014) or prior to FY 2014:

- 1) The maturity of a HUD-insured, HUD-held or section 202 loan that requires the permission of the Secretary prior to loan prepayment;
- 2) The expiration of a rental assistance contract for which the tenants are not eligible for enhanced voucher or tenant protection assistance under existing law; or
- 3) The expiration of affordability restrictions accompanying a mortgage or preservation program administered by the Secretary.

Category 1 above includes only properties with matured Section 202 Direct Loans and matured Section 236 and 221(d)(3)-(d)(5) Below Market Interest Rate (BMIR) primary mortgages. Please note that maturity of any mortgage instrument other than a Section 202 Direct Loan, Section 236, or Section 221(d)(3)-(d)(5) primary mortgage (for example, the maturity of a mortgage made by a state Housing Finance Agency) does not qualify as a matured mortgage for purposes of this Notice under category 1 of the 2014 Appropriations Act. Further, only the matured properties where the Secretary's consent to prepayment is required (or where the Section 202 Direct Loan note is silent on the requirement for the Secretary's permission to prepay) are eligible under Category 1. The Direct or FHA-insured mortgage note will specify if the approval of HUD is a requirement for the prepayment.

Category 2 includes only properties where a Rental Assistance Payments (RAP) contract expired prior to FY 2012, or where a Rent Supplement contract expired prior to FY 2000.

---

<sup>1</sup> "Low-vacancy area" was defined for the purposes of this assistance as a county that currently and historically demonstrates a moderate to tight rental housing market for low-income renters. HUD determined this definition with two thresholds. First, the county must be below the national vacancy rate for units affordable to low-income household in 2000, which is 7.3%. Second, the county must be below the 80<sup>th</sup> percentile vacancy rate for low-income renters as estimated by the 2005-2009 American Community Survey 5 year estimates, which is 8.7%. A list of low-vacancy areas is included in Attachment A.

RAP contract expirations in FY 2012 or later, and Rent Supplement contract expirations in FY 2000 or later are not eligible for assistance under this Notice because tenants in such properties are/were eligible for enhanced voucher or tenant protection assistance under existing law, and therefore do not meet the criteria under category 2 of the 2014 Appropriations Act. Please note that some properties with RAP contract expirations prior to FY 2012 already received tenant protection assistance for eligible families, and are therefore not eligible for assistance under this Notice.

Category 3 includes two groups of properties, as follows:

- Matured Section 236, Section 221(d)(3)-(d)(5) BMIR, or Section 202 Direct Loan mortgages, where permission of the Secretary is not required prior to mortgage prepayment. To be eligible under Category 3, the underlying affordability restrictions at the property must have expired along with maturity of the mortgage.
- Expired “stand alone” Affordability Restrictions: This includes properties that had a HUD-imposed affordability restriction that expired (or will expire) in FY 2014 or prior to FY 2014. To be eligible under this category, the project with the expired affordability restriction must not, at the time of the request for assistance, have an active Section 202 Direct Loan, or an active Section 221(d)(3)-(d)(5) or Section 236 FHA-insured or HUD-held mortgage. This category includes projects that had a HUD-imposed affordability restriction and may have been financed with a state-insured mortgage. Please note that the expired/expiring affordability restriction must be a HUD-imposed affordability restriction that restricted the property to operate as affordable housing to very low, low, and/or moderate income households. This may include, but is not limited to, the Preservation programs under the Title II Emergency Low Income Housing Preservation Act (ELIHPA) and the Low-Income Housing Preservation and Resident Homeownership Act (LIHPRHA), Section 236(e)(2) Decoupling Use Agreement, Section 250 Prepayment Use Agreement, or a Section 219 Prepayment Use Agreement. An Interest Reduction Payments Agreement associated with a state non-insured 236 mortgage also meets the criteria under category 3 of the 2014 Appropriations Act if the project was not decoupled. The expiration of a project affordability restriction imposed by another agency or funder does not meet the criteria under category 3 of the 2014 Appropriations Act.

Owners may verify that their property is in a low-vacancy area by using the list of low-vacancy areas in Attachment A.

“At-risk households” are those households residing at the property at the time of the owner’s request whose annual income is equal to or less than HUD’s FY 2014 low income limit, and are rent burdened currently or will be rent burdened after the mortgage maturity or affordability restriction expiration in FY 2014. For those properties where the mortgage maturity, rental assistance contract expiration, or affordability restriction expiration, occurred prior to the date of the owner’s request for assistance, a family must have resided at the property at the time of the mortgage maturity, rental assistance contract expiration, or affordability restriction expiration to be considered an at-risk household. This Notice

provides further information on identifying at-risk households, including the threshold for determining rent burden, in section 5 below.

Additionally, an owner must be in compliance with civil rights threshold requirements. An owner is not eligible to request assistance if such owner:

- i) Has been charged with a systemic violation of the Fair Housing Act or received a cause determination from a substantially-equivalent state or local fair housing agency concerning a systemic violation of a substantially equivalent state or local fair housing law proscribing discrimination because of race, color, religion, sex, national origin, disability or familial status;
- ii) Is a defendant in a Fair Housing Act lawsuit filed by the Department of Justice alleging a pattern or practice of discrimination or denial of rights to a group of persons raising an issue of general public importance pursuant to 42 U.S.C. 3614(a);
- iii) Is a defendant in any other lawsuit filed or joined by the Department of Justice alleging a pattern or practice or systemic violation of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Section 109 of the Housing and Community Development Act of 1974, Title II of the Americans with Disabilities Act, or a claim under the False Claims Act related to fair housing, nondiscrimination, or civil rights generally including an alleged failure to affirmatively further fair housing.
- iv) Has received a letter of findings identifying systemic noncompliance under Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Section 109 of the Housing and Community Development Act of 1974, or Title II of the Americans with Disabilities Act;
- v) Has received a cause determination from a substantially equivalent state or local fair housing agency concerning a systemic violation of provisions of a state or local law proscribing discrimination in housing based on sexual orientation or gender identity; or
- vi) Has received a cause determination from a substantially equivalent state or local fair housing agency concerning a systemic violation of a state or local law proscribing discrimination in housing based on lawful source of income; and
- vii) If applicable, has not resolved to HUD's satisfaction, the charge, lawsuit, letter of findings or cause determination referenced in subparagraphs (i), (ii), (iii), (iv) or (v) and/or is not in current compliance with any agreement or consent order resolving the matter.

Owners who wish to request assistance under this Notice must submit their request in accordance with the procedures set forth in this Notice.

Upon receiving an owner's request, HUD will verify that the maturity of the mortgage and/or expiration of the affordability restriction in fact removes/removed the affordability restrictions at the property and resulted or may result in tenants being rent burdened; that the RAP contract expired prior to FY 2012, or that Rent Supplement contract expired prior to FY

2000; or that the mortgage maturity or affordability restriction expiration takes place in FY 2014 or prior to FY 2014; and that the owner's property is in a low-vacancy area.

Please note that while assistance under this Notice for properties in categories 1 or 3 of the 2014 Appropriations Act is limited to mortgage maturities or affordability restriction expirations that took place in FY 2014 or prior to FY 2014, any funding leftover after all eligible properties' requests for assistance have been funded may be carried over to the next fiscal year to fund mortgage maturities or affordability restriction expirations that occur after FY 2014.

4. **Enhanced Vouchers or Project-Based Voucher Assistance.** Owners may request either enhanced vouchers or project-based voucher (PBV) assistance for the at-risk households residing in their property. Both types of assistance are administered through Public Housing Agencies (PHAs). The HUD Public Housing (PH) Field Office Director will identify PHAs to administer the voucher assistance, in accordance with the procedures in section 6 below. Any PHA identified for this purpose may decline to participate entirely, or may agree to participate but only to administer enhanced vouchers, even if the owner has requested PBV assistance. If a PHA declines to participate, the HUD PH Field Office Director will take steps to identify a PHA that will agree to administer the assistance, as described in section 6 below. Owners should be aware that in some cases, enhanced vouchers may be provided even if the owner requests PBV assistance; please see section 6 (step 5), and section 7, for more details.

#### Enhanced vouchers

Enhanced vouchers are tenant-based assistance. Households issued enhanced vouchers may elect to use the assistance in the same property (as long as the property continues as rental housing and the tenancy can be approved in accordance with the enhanced voucher policies described in section 8 below), and in all cases may choose to move from the property immediately. There is no guarantee to the owner that any enhanced voucher assistance will be used at the property for any period of time. Enhanced vouchers are different from regular housing choice vouchers (HCVs) in two major respects. If the family remains in the same property, a higher "enhanced" payment standard is used to determine the amount of subsidy when the gross rent exceeds the normally applicable PHA payment standard, and the family must continue to contribute towards rent at least the amount the family was paying for rent on the date of the mortgage maturity, rental assistance contract expiration, or affordability restriction expiration that removes the affordability restrictions at the property.

#### Project-based voucher assistance

PBV assistance is project-based assistance. Under the PBV program, a PHA enters into a Housing Assistance Payment (HAP) contract with the owner for specified units and for a specified term. When families move from the assisted units, the PHA refers families from its waiting list to the owner to fill vacancies. PBV assistance provided through this Notice must follow all regulations at 24 Code of Federal Regulations (CFR) Section 983, with one exception: selection requirements under §983.51 (Owner proposal selection procedures) are not applicable to assistance provided via this Notice, because the 2014 Appropriations Act defines the categories of projects that are potentially eligible for PBV assistance. Moving to

Work (MTW) agencies may administer the PBV assistance according to their MTW agreement.

For further details on processing enhanced vouchers or project-based vouchers, see sections 7 and 8 below.

- 5. Identifying At-Risk Households.** In order to identify which of the residents of their property may be “at-risk households,” owners must first identify the current residents that resided at the property at the time of the mortgage maturity, rental assistance contract expiration, or affordability restriction expiration (if such event happened prior to the owner’s request for assistance). The owner must then determine the annual income of the residents, and compare this annual income to HUD’s low income limits. The owner then determines whether the residents qualify as rent burdened, by comparing the adjusted monthly income of the residents to the owner’s applicable monthly rent (as defined in step 5 below).

Owners and families should be aware that the final determination of a family’s income eligibility will be made by the PHA. Families identified as at-risk households in the process described in steps 1 – 5 below ultimately may be determined to be over-income (and therefore ineligible for assistance) by the PHA, which will reduce the number of vouchers that will be made available either as enhanced vouchers or PBV assistance, accordingly.

The process to identify at-risk households is described in steps 1 - 5 below. Owners that have verified resident incomes within 12 months of the submission of the request for assistance under this Notice can skip steps 2 and 3 below.

#### Steps

- 1. Notification of residents.** The owner must notify (in writing) all current residents of unassisted units at the property (who also resided at the property at the time of the mortgage maturity, rental assistance contract expiration, or affordability restriction expiration, if such event occurred before the owner submits the request for assistance) that the owner will be applying for assistance under this Notice. This notification must be provided prior to the owner applying for assistance under this Notice. In accordance with 24 CFR Part 245, those properties assisted with active project-based rental assistance contracts under Section 8 of the US Housing Act, and those properties with FHA-insured, HUD-held, or Direct loans, must also notify legitimate tenant organizations at the property. The owner’s notification must state that he or she will be identifying at-risk households according to the residents’ income. In addition, the owner’s notice must state that if any resident contests the income determination made by the owner (and if the owner’s request for assistance is selected for funding), such resident will have the opportunity to have their income calculated for eligibility purposes by the administering PHA. The owner’s notification to the residents must also inform them that the owner’s application for assistance is not a guarantee that the property and residents will receive assistance under this Notice.

Owners must provide such notification and any subsequent related correspondence in a manner that is effective for persons with disabilities (see 24 CFR § 8.6), and for persons who have limited English proficiency. Owners should refer to HUD's published *Final Guidance to Federal Financial Assistance Recipients: Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons* (LEP Guidance) (72 FR 2732) for assistance and information regarding LEP obligations.

2. Request for income information. If an owner has not verified resident income within 12 months of the submission of the request for assistance under this Notice, the owner may request income information from each resident of the affected property. Residents are not required to share this information with the owner. If a resident chooses not to disclose income information, such resident will be identified in the owner's request for assistance as a household that did not provide income information to the owner, and such household will not receive assistance through this Notice. For all residents identified in the owner's request for assistance as a household that did not provide income information to the owner, the owner must maintain documentation showing that the family was notified in writing that their failure to provide income information to the owner means the family will not have the opportunity to receive rental assistance through this Notice.
3. Calculation of annual income. The owner determines annual income by adding all sources of income for all adults (age 18 or older) in the household that are anticipated to be received by the household in the next 12 months, excluding income from any of the following: the income of live-in aides or full-time students; student financial assistance; foster care or adoption assistance payments; Supplemental Nutrition Assistance Program (SNAP; formerly known as Food Stamps); Low Income Home Energy Assistance Program (LIHEAP); and Earned Income Tax Credit refunds. This amount is the household's annual income. As discussed below, this calculation is a streamlined version of the calculation that PHAs use to determine income eligibility for the voucher program.
4. Comparison to HUD's low income limits. The owner must compare the household's annual income with HUD's FY 2014 low income limits. For this comparison, owners must know the size of the household (e.g., 4 person household). Owners may find HUD's low income limits by visiting [http://www.huduser.org/portal/datasets/il/il14/index\\_il2014.html](http://www.huduser.org/portal/datasets/il/il14/index_il2014.html). At this site, owners click "Click Here for FY 2014 IL Documentation." The owner then selects the state and county in which the property is located, and clicks "Next Screen." The relevant information is located in the row labeled "Low (80%) Income Limits." If the household's annual income is greater than the low income limit found in this row, the household is **not** an at-risk household (as discussed above, any resident who contests this determination will have the opportunity to have their income calculated for eligibility purposes by the administering PHA, should the owner's request be selected for funding). For example, if the "Low (80%) Income Limits" row lists \$60,000 as the limit for a 4 person household, and the annual income for the 4 person household

in question is \$60,001, then this household is not an at-risk household. If the household's annual income is equal to or less than the low income limit, then the owner moves on to step 5 below.

5. Calculation of adjusted monthly income and rent burden. The owner adjusts the annual income by deducting \$480 from the annual income for each dependent in the household and deducting \$400 from the annual income if the household's head, spouse, or sole member is a person with disabilities or is at least 62 years of age. The owner then divides this adjusted annual income by 12 to determine the household's adjusted monthly income.

The owner then divides the household's applicable monthly rent by the household's adjusted monthly income to determine whether the household qualifies as rent burdened. Families qualify as rent burdened if, in the absence of this voucher assistance, they would have to pay more than 30 percent of their adjusted monthly income for rent.

For example, consider the following 2 different households:

a) The household's adjusted monthly income is \$3995 and the applicable monthly rent is \$1200. The owner divides \$1200 by \$3995, which equals approximately 0.3004. Because this household would have to pay more than 30 percent of their adjusted monthly income for rent, this household is an at-risk household.

b) The household's adjusted monthly income is \$4000 and the applicable monthly rent is \$1200. The owner divides \$1200 by \$4000, which equals 0.30. Because this household would not have to pay more than 30 percent of their adjusted monthly income for rent, this household is not an at-risk household.

As discussed above, any resident who contests this determination will have the opportunity to have their income calculated for eligibility purposes by the administering PHA, should the owner's request be selected for funding.

Please note that the "applicable monthly rent" means the proposed rents the owner intends to charge after the mortgage maturity or affordability restriction expiration, except as follows:

- In the case of a mortgage maturity, rental assistance contract expiration, or affordability restriction expiration that happened before the owner submits the request for assistance, "applicable monthly rent" means the rents the owner charges as of the date of the owner's request for assistance under this Notice.
- For properties undergoing renovation that will be completed by November 30, 2014, "applicable monthly rent" means the rent the owner intends to charge after the renovation is completed.

- For properties where the owner has chosen to continue charging below market rents to households that resided at the property at the time of the mortgage maturity, rental assistance contract expiration, or affordability restriction expiration, “applicable monthly rent” means the rent the owner charges (as of the date of the owner’s request for assistance) to households that moved to the property **after** the mortgage maturity, rental assistance contract expiration, or affordability restriction expiration, and reside in a similarly-sized unit; except as follows:
- For properties where the owner has chosen to continue charging below market rents to households that resided at the property at the time of the mortgage maturity, rental assistance contract expiration, or affordability restriction expiration, and no households have moved to a similarly-sized unit at the property since the maturity or expiration, “applicable monthly rent” means the rent the owner intends to charge after the property receives assistance through this Notice.

The owner must submit a statement certifying that the applicable monthly rents used in calculation of at-risk and not at-risk households are accurate according to the terms of this Notice.

The owner’s identification of at-risk households will be used to determine whether a request for assistance is eligible for funding under this set-aside (because the presence of at-risk households at the property is a requirement of receiving assistance). This calculation will also be helpful for the owner to predict and forecast how many households may qualify to receive enhanced vouchers; if the owner is requesting PBV assistance, the calculation will help the owner anticipate how many units may be assisted under the PBV HAP contract. This exercise will be helpful for owners seeking new debt or equity financing for the project that will be supported by income from the PBV HAP contract.

While the eligibility calculation by the owner is an important initial calculation, owners are advised that PHAs are still required to calculate income for each household before admitting that household to the voucher program, whether for enhanced vouchers or PBV assistance. Because the calculations performed by the owner at steps 3 and 5 above are a streamlined version of the calculations that PHAs use, some families identified by the owner as at-risk may in fact be ineligible for assistance due to being over-income. If a household identified by the owner as at-risk is later determined to be ineligible for voucher assistance due to being over-income, that household will not be issued an enhanced voucher (or, in the case of PBV assistance, the unit will not be included in the PBV contract). Additionally, as discussed above, families who contest the income determination made by the owner will have the opportunity to have their income calculated for eligibility purposes by the administering PHA (should the owner’s request be selected for funding). It is for this reason that the owner’s request for assistance must also include a list of the households determined **not** to be at-risk, as described in Section 6 below.

Please also note that the applicable monthly rent will be reviewed by the PHA for rent reasonableness before any tenancy is approved (for enhanced vouchers), or before the initial rent to owner is established at the beginning of the HAP contract term (for PBV assistance). Before HAP can be paid for the unit, PHAs must determine the rents to be reasonable under 983.303 (Reasonable Rent) for PBV assistance or 982.507 (Rent to Owner: Reasonable Rent) for enhanced vouchers (see also section 8.1(b)(2) below for more information on rent reasonableness and enhanced vouchers). Owners are encouraged to contact a PHA in the local area prior to submitting the request for assistance to obtain information on the likely rent levels the enhanced vouchers or PBV HAP contract will provide.

- 6. Procedures for Requesting and Processing Assistance.** This section describes each of the steps necessary to process the owner's request for assistance. The following steps must occur before the owner's request for assistance can be approved and the PHA's Annual Contributions Contract (ACC) amended to reflect the assistance. Owners' requests for assistance will be accepted on a rolling basis until the funding available under this Notice has been exhausted.

#### Steps

1. Owners who wish to request assistance under this Notice must submit a letter requesting assistance to the HUD Multifamily Hub/Program Center (PC) Director, with a copy to the HUD Project Manager. The request must include the following information:
  - The property name and address, including the name of the county in which the property is located;
  - The date of the mortgage maturity, rental assistance contract expiration, or affordability restriction expiration. The mortgage maturity or affordability restriction expiration date must be in FY 2014 (i.e., October 1, 2013 – September 30, 2014) or prior to FY 2014. The date of the rental assistance contract expiration must be before FY 2012 for RAP contracts and before FY 2000 for Rent Supplement contracts;
  - A copy of all affordability restriction documents, rental assistance contracts, and renewals, and mortgage note documents related to the expired mortgage, contract or affordability restriction;
  - A narrative statement explaining how the property meets the description of Category 1, Category 2 or Category 3, as defined in this Notice;
  - Whether the owner is seeking enhanced vouchers or PBV assistance;
  - A statement certifying that the owner is in compliance with the civil rights threshold requirements set forth at section 3 ("Eligibility") of this Notice;
  - A statement certifying that the applicable monthly rents used in calculation of at-risk and not at-risk households are accurate according to the terms set forth at section 5 ("Identifying At-Risk Households") of this Notice;
  - A list of unassisted units (identified by unit number and household name) currently occupied by at-risk households, and by households determined **not** to be at-risk. These households must have resided at the property at the time

of the mortgage maturity, rental assistance contract expiration, or affordability restriction expiration (if such event happened prior to the owner's request for assistance).

- The list of at-risk households must be accompanied by a calculation that demonstrates that each at-risk household has an annual income equal to or less than HUD's FY 2014 low income limit, **and** the household would (in the absence of this voucher assistance) have to pay more than 30 percent of their adjusted monthly income for rent.
- The list of households determined **not** to be at-risk must be accompanied by a calculation that demonstrates that each household has an annual income greater than HUD's FY 2014 low income limit, **or** the household would not (in the absence of voucher assistance) have to pay more than 30 percent of their adjusted monthly income for rent.
- The calculation for each list of households must include size of the household, household's annual income, the applicable HUD FY 2014 low income limit for a household this size, the household's adjusted monthly income, the applicable monthly rent of the unit (see section 5, step 5 for the different meanings of "applicable monthly rent"), and the percentage of the household's adjusted monthly income spent on rent in the absence of this voucher assistance (applicable monthly rent/adjusted monthly income).
- For properties where the mortgage maturity, rental assistance contract expiration, or affordability restriction expiration happened before the owner submits the request for assistance, documentation (such as a lease) showing that the at-risk households and the households determined **not** to be at-risk resided at the property at the time of the mortgage maturity, rental assistance contract expiration, or affordability restriction expiration; and
- A list of unassisted units (identified by unit number and household name) currently occupied by households (that also resided at the property at the time of the mortgage maturity, rental assistance contract expiration, or affordability restriction expiration) that did not provide income information to the owner. (Please note that these households will not receive assistance through this Notice. For all residents identified in the owner's request for assistance as a household that did not provide income information to the owner, the owner must maintain documentation showing that the family was notified in writing that their failure to provide income information to the owner means the family will not have the opportunity to receive rental assistance through this Notice.)

Owners must provide all of the information listed above in their request for assistance. Owners may wish to refer to Attachment B for a sample format to provide the information required in the owner's request for assistance. Owners may find the suggested format helpful, but are not required to use the format provided in Attachment B.

2. Once the Multifamily Hub/PC Director has received the owner's complete request for assistance, the Multifamily Hub/PC Director or designee will review the applications to verify that:
  - a) The property had or has a Section 202 Direct Loan or a Section 236 or 221(d)(3)-(d)(5) Below Market Interest Rate (BMIR) primary mortgage that matured (or will mature) in FY 2014 or prior to FY 2014. This includes loans where the permission of the Secretary was a requirement prior to mortgage prepayment, as well as loans where permission of the Secretary was not a requirement prior to prepayment. Please note: the Multifamily Hub/PC Director or designee must verify the mortgage maturity date (day, month, and year) by reviewing the actual mortgage note, affordability restriction or contract document. Staff should also verify that the mortgage was not prepaid prior to mortgage maturity; OR
  - b) The owner's RAP contract expired prior to FY 2012, or Rent Supplement contract expired prior to FY 2000. This includes verifying that the contract reached its expiration date, and did not terminate prior to the expiration date due to the prepayment of the underlying mortgage at the property; OR
  - c) The property had an underlying HUD-imposed affordability restriction that expired (or will expire) in FY 2014 or prior to FY 2014. The Multifamily Hub/PC staff will verify that the affordability restriction was a HUD-imposed agreement. This may include, but is not limited to, the Preservation programs under the Title II Emergency Low Income Housing Preservation Act (ELIHPA) and the Low-Income Housing Preservation and Resident Homeownership Act (LIHPRHA), Section 236(e)(2) Decoupling Use Agreement, Section 250 Prepayment Use Agreement, a Section 219 Prepayment Use Agreement, or an Interest Reduction Payments Agreement associated with a state non-insured 236 mortgage where the mortgage was not decoupled. Please note: the Multifamily Hub/PC Director or designee must verify this date (day, month, and year) by reviewing the actual affordability restriction document. The Multifamily Hub/PC Director or designee must also review the specific provisions of the affordability restriction and mortgage note to verify that the expiration in fact removes/removed affordability restrictions on unassisted units at the property;
  - d) The property does not, at the time of the request for assistance, have an active Section 202 Direct Loan, or an active Section 221(d)(3)-(d)(5) or Section 236 FHA-insured or HUD-held mortgage;
  - e) The property is located in a low-vacancy area (low-vacancy areas are listed in Attachment A);
  - f) The number of households identified by the owner as at-risk households does not exceed the total number of unassisted units at the property (in the case of a mortgage maturity or affordability restriction expiration), or in the case of a Rent Supplement or RAP contract expiration, the number of households identified by the owner as at-risk

households does not exceed the number of units on the original Rent Supplement or RAP contract. If the application involves the expiration of a Rent Supplement or RAP contract, the Multifamily Hub/PC Director or designee must review the Rent Supplement or RAP contract to verify the number of units on the original contract. If the number of households identified by the owner as at-risk households does exceed the total number of unassisted units at the property (or the number of units on the original Rent Supplement or RAP contract), the Multifamily Hub/PC Director or designee must advise the owner to reduce the number of at-risk households to the allowable amount (no more than the total number of unassisted units at the property or the number of units on the original Rent Supplement or RAP contract) if the owner wishes to be further considered for funding; and

g) The households identified by the owner as at-risk households, and the households determined by the owner **not** to be at-risk, did reside at the property at the time of the mortgage maturity, rental assistance contract expiration, or affordability restriction expiration. If the documentation submitted in the owner's request fails to demonstrate that every household (at-risk and not at-risk) resided at the property at the time of the mortgage maturity, rental assistance contract expiration, affordability restriction expiration, the Multifamily Hub/PC Director or designee must advise the owner to submit corrected documentation or remove these households from the request if the owner wishes to be further considered for funding.

Applications that meet the above requirements shall be deemed acceptable to be processed in accordance with the additional steps below. Please note: the Multifamily Hub/PC Director or designee will not be responsible for verifying the accuracy of the reported tenant income or the calculations of at-risk households.

If the owner's request for assistance does not meet the above requirements, the owner's request for assistance will be denied. The Multifamily Hub/PC Director or designee will notify the owner of the denial of the request.

Requests determined acceptable by the Multifamily Hub/PC Director or designee under step 2 will be processed in accordance with the additional steps below.

3. The Multifamily Hub/PC Director or designee will submit a copy of the owner's request for assistance to the PH Field Office Director and request that the PH Field Office Director identify and invite a PHA (that currently administers the HCV program and has jurisdiction over the area in which the property is located) to administer the voucher assistance.
4. The PH Field Office Director or designee will determine the appropriate PHA to administer the assistance in accordance with established criteria for selection of PHA administration of tenant protection vouchers, including, but not limited to, jurisdiction, and PHA administrative capacity. The PHA will have the opportunity to agree or decline to administer the enhanced vouchers or PBV assistance.

5. *For PBV requests:* If the identified PHA does not wish to or is unable to administer PBV assistance, the PH Field Office Director or designee will make a reasonable effort to find a PHA with jurisdiction and administrative capacity willing to administer PBV assistance. Please note that any PHA willing to administer PBV assistance at this step is agreeing to do so in accordance with all the statutory and regulatory requirements of the PBV program (see section 7 below), including the statutory limit of 20 percent for the amount of the PHA's HCV budget authority that may be project-based (see 24 CFR 983.6(a)). The PHA identified by the PH Field Office Director or designee at this step must also be willing to administer enhanced voucher assistance, in case the PHA determines that it will be unable to enter into a PBV HAP contract with the owner due to the statutory and regulatory requirements of the PBV program.

If the invited PHA agrees to administer PBV assistance (and enhanced voucher assistance, if the PHA determines that that it will be unable to enter into a PBV HAP contract with the owner due to the statutory and regulatory requirements of the PBV program), the owner's request for assistance will move on to step 7 below.

If the PH Field Office Director or designee is unable to identify a PHA willing or able to administer PBV assistance, the owner's request will move on to step 6 below in order to identify a PHA willing to administer enhanced voucher assistance.

6. *For enhanced voucher requests:* If the PH Field Office Director or designee is able to identify a PHA willing to administer the enhanced vouchers, the owner's request for assistance will move on to step 7 below.

If the PH Field Office Director or designee is unable to identify a PHA willing to administer enhanced vouchers, the owner's request for assistance will be denied. The PH Field Office Director or designee will notify the Multifamily Hub/PC Director of the denial. The Multifamily Hub/PC Director or designee will then notify the owner of the denial.

7. The PH Field Office Director or designee provides a copy of the owner's request for assistance to the PHA that agrees to administer the enhanced vouchers or PBV assistance.
8. The PHA must determine the eligibility of all at-risk households identified by the owner. For purposes of determining income eligibility, the PHA uses the applicable low income limits (not the very low income limits).

The PHA's administrative plan must allow for the provision of HCV assistance to these low-income families. If the PHA's administrative plan does not currently provide for these low-income families to be eligible, the PHA must amend its administrative plan in order to administer the enhanced vouchers or PBV assistance. This administrative plan requirement is consistent with 24 CFR 982.201(b)(1)(iii). HUD will consider waivers of 24 CFR 982.201(b)(1)(iii) to allow a PHA to provide

assistance to these low-income families without an amendment to the PHA's administrative plan, when needed due to the timing of the conversion (for example, when the PHA is unable to amend its administrative plan before the HAP contract is signed).

Additionally, households must meet the applicable rent burden threshold described in section 5 above to be eligible for assistance through this Notice. Specifically, households are only eligible for assistance through this Notice if applicable monthly rent for that household's unit divided by the household's adjusted monthly income (as calculated by the PHA in accordance with 24 CFR 5.611) is **more** than 30 percent (see section 5, step 5 for the different meanings of "applicable monthly rent").

The PHA must also notify all residents (still residing at the property) determined by the owner **not** to be at-risk, informing them that if they believe they meet the HCV income limits and applicable rent burden threshold, they may request to have their income calculated by the PHA for eligibility purposes. This notification does not include any of the households that did not provide income information to the owner (as identified in the owner's request for assistance).

Families admitted to the HCV program with enhanced vouchers are special admissions under 24 CFR 982.203 and are not subject to income-targeting requirements under 24 CFR 982.201(b)(2) for families selected from the PHA's waiting list. Families admitted to the HCV program with PBV assistance must be selected from the PHA waiting list in accordance with 24 CFR 983.251(b) ("Protection of in-place families") and are also not subject to the income-targeting requirements under 24 CFR 982.201(b)(2).

In order to reduce processing time and where applicable, HUD will permit the PHA to use the owner's most recent family income examination (form HUD-50059) if the owner's current certification for the family (form HUD-50059) is no more than six months old and the PHA determines that the owner certifications are acceptable after reviewing a small sample for accuracy. The PHA is never required to use the owner certifications and may choose to conduct its own income determination and verification. PHAs should be aware that many owners will not have form HUD-50059 for the households being assisted through this Notice.

9. The PHA submits the Section 8 Tenant-Based Assistance Funding Application (Form HUD-52515) to the PH Field Office Director. PHAs are requested to enter their PHA code number (for example, CT002) as well as their electronic mail address, telephone number, and facsimile telephone number in the same place at the top of the form where they are also to enter the PHA's name and mailing address. Instructions for completing the remainder of the form are as follows:
  - a) Do not complete Section A.
  - b) Under Section B of this form, only complete the box for total dwelling units under vouchers. Insert the number of eligible families **as determined by the PHA's eligibility determinations in step 8.**

- c) Do not complete Section C.
  - d) Under Section D of this form, the PHA must identify whether the assistance will be for enhanced vouchers or PBV assistance.
10. The PH Field Office Director or designee submits the PHA's HUD-52515, as well as the owner's request for assistance, to the HUD Office of Housing Voucher's Financial Management Division (FMD) (at [PIHConversionActions@hud.gov](mailto:PIHConversionActions@hud.gov), with "\$5 Million TPV Set-Aside" in the subject line).
11. The FMD calculates the budget authority and assigns funds to the PHA, using the information from Section B of the HUD-52515 to determine the amount of funding the PHA will be assigned. The FMD also calculates the special fee for the extraordinary costs associated with administering the enhanced voucher or PBV assistance under this Notice. The fee will be \$200 per unit for the higher number of units as determined below:
- a. The number of at-risk households at the property that were identified in the owner's request for assistance; or
  - b. The number of families that are eligible to receive assistance (as determined by the PHA in step 8 above, and identified in Section B of the HUD-52515).

Please note that the amount of the special fee is subject to the availability of funds for this purpose. If necessary, HUD may amend the amount and method of calculation of the special fee by subsequent notice.

12. The Financial Management Center (FMC) prepares the ACC documents and ACC transmittal letter, and forwards these to the PHA with a copy of the letter to the PH Field Office Director.

## **7. Procedures for Processing PBV Assistance.**

After receiving the ACC documents and transmittal letter, the PHA must verify whether the owner's request for PBV assistance meets the statutory and regulatory requirements of the PBV program, including the prohibition of assistance for ineligible units (24 CFR 983.53), prohibition of assistance for units in subsidized housing (24 CFR 983.54), prohibition of excess public assistance (24 CFR 983.55), the cap on number of PBV units in each building (24 CFR 983.56), site selection standards (24 CFR 983.57), the environmental review (24 CFR 983.58), and all other program requirements, including all applicable fair housing and civil rights requirements. Please note that the owner's property may be partially assisted with pre-existing Project-Based Section 8 contracts; units subsidized with such assistance may not be included in the PBV HAP contract (see 24 CFR 983.54(b)), and such units do not count against the 25 percent PBV cap for units in the building described at 24 CFR 983.56.

Please note that only the units occupied by eligible families may be covered by the PBV HAP contract. Units that were occupied by at-risk households at the time of the owner's request for assistance, and are either vacant or the occupant family was determined ineligible

for admission to the HCV program at the time of the PHA's eligibility determinations, must not be covered by the HAP contract.

**7.1 When a PHA is unable to enter into a PBV HAP contract with the owner.** If the PHA determines that it will be unable to enter into a PBV HAP contract with the owner due to the statutory and regulatory requirements of the PBV program (e.g., the property does not meet the PHA's site selection standards), then the funding provided to the PHA under this notice must be used to provide enhanced voucher assistance for all eligible families. Please see section 8 below for procedures for processing enhanced voucher assistance.

**7.2 When a PHA enters a PBV HAP contract for fewer units than requested.** If the PHA determines that it will be able to enter into a PBV HAP contract, but there are more eligible families than there are eligible units under the PBV program (e.g., because the number of eligible families exceeds the 25 percent per building cap described at 24 CFR 983.56), then the PHA will administer enhanced vouchers for the eligible families whose units are not eligible to be included in the property's PBV HAP contract; please see section 8 below for procedures for processing enhanced voucher assistance. When the number of eligible families exceeds the number of eligible units under the PBV program, owners may decide which units will be included in the PBV HAP contract.

- 8. Procedures for Processing Enhanced Voucher Assistance.** After receiving the ACC documents and transmittal letter, the PHA must issue vouchers to the eligible families. If any vouchers remain unused after issuance to the eligible families at the property (for example, if a family chooses to move from the property but is unable to successfully lease up under the program), the PHA retains the vouchers and may use them to assist families on the PHA waiting list. If the PHA uses remaining voucher funding to assist families on the PHA waiting list, the voucher is simply a regular voucher and does not have any enhanced features.

**8.1 Characteristics of Enhanced Voucher Assistance.** Enhanced vouchers have several special requirements but in all other respects are subject to normal housing choice voucher program rules. For example, the PHA may not make payments to the owner until after execution of the HAP contract on behalf of an individual family, and the assistance may not be paid to cover any period of time before the PHA inspection and determination that the unit meets the housing quality standards of the program.

a) **Enhanced voucher family right to remain.** A family that receives an enhanced voucher has the right to remain in the project as long as the units are used for rental housing and are otherwise eligible for housing choice voucher assistance (e.g., the rent is reasonable, unit meets HQS, etc.). The owner may not terminate the tenancy of a family that exercises its right to remain except for a serious or repeated lease violation or other good cause. If an owner refuses to honor the family's right to remain, the family may exercise any judicial remedy that is available under State and/or local law.

b) **Payment standard where the family chooses to stay in the same project.**

- (1) Special payment standard. For a family that stays in the project, the payment standard used to calculate the voucher housing assistance payment is the gross rent (rent to owner plus the applicable PHA utility allowance for any tenant-supplied utilities) of the family's unit (provided the proposed gross rent is reasonable), regardless of whether the gross rent exceeds the normally applicable PHA payment standard.
- (2) Rent reasonableness documentation and lease requirements. All regular program requirements concerning the reasonableness of the rent and the provisions of the HUD-prescribed lease addendum apply to enhanced vouchers. The PHA must determine that the proposed rent for the family's unit is reasonable. The PHA determines whether the proposed new rents for the property are reasonable just as it does for any other potential units under the tenant-based assistance programs.

The PHA determines whether the rent requested by the owner is a reasonable rent for the unit in comparison to other comparable unassisted units based on the current condition of the unit. The PHA does not base the rent reasonableness determination on any planned future enhancements to the property. If the PHA determines the owner's proposed new rent is not reasonable, the owner must either lower the rent or the family will have to find another unit in order to benefit from the voucher.

The special payment standard for enhanced tenant-based assistance for a family that stays in the unit sometimes results in the PHA approving a tenancy for a unit that otherwise would be ineligible or unaffordable to a family with regular tenant-based assistance. If the rent is reasonable in comparison to the rents of comparable unassisted units, there is nothing improper or incorrect in approving the owner's new rent even if the rent would not normally be affordable for a family with a regular voucher. However, it is very important for the PHA to make sure the owner's new rent is reasonable and to properly document this determination. The PHA must document the rent reasonableness of the owner's rent in the family's file by including the rents and addresses of the comparable units used to make the determination. The PHA should use the guidance provided in Notice PIH 2011-46 when determining whether the rent is reasonable.

c) Family move: Normal payment standard is applicable. The normally applicable PHA payment standard is always used to determine the family's maximum voucher subsidy when the family moves from the project. This includes cases where the proposed new rent for the family's current unit is not reasonable or the unit fails HQS, requiring the family to move in order to receive tenant-based assistance.

d) Enhanced voucher minimum rent requirement for stayers. Families assisted with enhanced voucher assistance have a special statutory minimum rent requirement. The law

requires that a family receiving enhanced voucher assistance must pay for rent no less than the rent the family was paying on the date of the rental assistance contract expiration, maturity of the mortgage and/or expiration of the affordability restriction that removed the affordability restrictions at the property.

The method for calculating the minimum rent changes if the family's income subsequently decreases to a significant extent (15 percent or more) from the family's gross income on the effective date of the rental assistance contract expiration, maturity of the mortgage and/or expiration of the affordability restriction that removed the affordability restrictions at the property. Guidance on recalculating the minimum rent in cases when a family's income significantly decreases is discussed in detail in subsection (1) below.

The enhanced voucher minimum rent only applies if the family remains in the project. The enhanced voucher minimum rent does not apply if the family moves from the project.

- (1) Significant decline in family income – effect on enhanced voucher minimum rent. If an enhanced voucher family suffers a significant decline in family income, the minimum family share required of the family shall be reduced so that the percentage of income for rent does not exceed the greater of 30 percent or the percentage of monthly adjusted income actually paid by the family for rent (the rent to owner plus tenant-paid utilities) on the effective date of the rental assistance contract expiration, maturity of the mortgage and/or expiration of the affordability restriction that removed the affordability restrictions at the property. HUD is defining a significant decrease as a decrease in gross family income of at least 15 percent from the gross family income on the date of the rental assistance contract expiration, maturity of the mortgage and/or expiration of the affordability restriction that removed the affordability restrictions at the property.

The PHA normally uses the specific dollar amount the family was paying for rent on the effective date of the maturity of the rental assistance contract expiration, mortgage and/or expiration of the affordability restriction that removed the affordability restrictions at the property in determining the family's enhanced voucher minimum rent. However, if the family subsequently suffers a significant decline in family income, the PHA uses a different method for calculating the family's enhanced voucher minimum rent. The enhanced voucher minimum rent changes from an actual dollar amount to a specific percentage of income.

The family's new enhanced voucher minimum rent is the greater of (A) the percentage of the monthly adjusted income the family paid for gross rent on the effective date of the rental assistance contract expiration, maturity of the mortgage and/or expiration of the affordability restriction

that removed the affordability restrictions at the property, or (B) 30 percent of the family's current adjusted monthly income.

The new enhanced voucher minimum rent for these families is a percentage of income as opposed to a specific dollar amount. Once this change in the enhanced voucher minimum rent becomes effective for a family, the enhanced voucher minimum rent for the family remains that specific percentage of income (e.g., 32 percent) and will not revert to a specific dollar amount, even if the family income subsequently increases or decreases.

For instance, assume a family paid \$500 for gross rent on the effective date of the rental assistance contract expiration, maturity of the mortgage and/or expiration of the affordability restriction that removed the affordability restrictions at the property, which equaled 35 percent of the family's monthly adjusted income at that time. After receiving enhanced voucher assistance for ten months, the family suffered a 50 percent decrease in monthly gross income. The PHA now calculates the enhanced voucher minimum rent for the family as the percentage of monthly adjusted income the family paid for rent on the effective date of the rental assistance contract expiration, maturity of the mortgage and/or expiration of the affordability restriction that removed the affordability restrictions at the property (35 percent) instead of the actual dollar amount (\$500). The enhanced voucher family in this example must now pay at least 35 percent of the family monthly adjusted income for rent, regardless of any further changes in family income.

If the family enhanced voucher minimum rent is changed to a percentage of adjusted monthly income that is no greater than 30 percent of monthly adjusted income, the enhanced voucher minimum rent is essentially meaningless for the family. A family is already required to pay at least 30 percent of monthly adjusted income under the housing choice voucher subsidy formula.

When a family reports a significant decrease in family income, the PHA conducts an interim redetermination and verifies the change in income as soon as possible to prevent hardship on the family, preferably by the first of the month following the date the family reports the change and provides the necessary documentation. The PHA may implement the reduction on a provisional basis before completing the verification in order to prevent undue hardship to the family.

The change in the determination of the enhanced voucher minimum rent only applies if a family suffers a significant loss of income (at least a 15 percent decrease in the gross family income on the date of the rental assistance contract expiration, maturity of the mortgage and/or expiration

of the affordability restriction that removed the affordability restrictions at the property). Otherwise, the enhanced voucher minimum rent remains the specific dollar amount.

Regardless of which method is used to calculate the enhanced voucher minimum rent, the minimum rent represents the lowest amount the family may pay as their family share for as long as the family remains in the project. A family may pay no less than the enhanced voucher minimum rent. Depending on the circumstances, the family may have to pay more than the enhanced voucher minimum rent.

e) Calculating HAP for enhanced voucher assistance. Regardless of whether the owner's new gross rent (after the rental assistance contract expiration, maturity of the mortgage and/or expiration of the affordability restriction that removed the affordability restrictions at the property) exceeds or is less than the PHA payment standard, the housing assistance payment for a family that stays in their present unit (or moves from an oversized unit to an appropriate size unit within the project) is the following:

the gross rent for the unit minus the greatest of:

- (i) 30 percent of the adjusted family monthly income;
- (ii) 10 percent of the family monthly income (gross monthly income);
- (iii) the welfare rent in as-paid states;
- (iv) the enhanced voucher minimum rent; or
- (v) such other minimum rent established by the PHA as authorized by Federal law (see 24 CFR §5.630.)

f) Movers from the project – all regular housing choice voucher rules apply. If a resident decides to move from the project with the voucher assistance, the payment standard is not enhanced and the enhanced voucher minimum rent does not apply. This is the case when the family chooses to use the voucher to move from the property immediately, or if after receiving enhanced voucher assistance for a period of time the family chooses to subsequently move from the unit with continued voucher assistance. In either circumstance, the housing assistance payment and the family share at the new unit are calculated in accordance with the regular rules of the housing choice voucher program.

g) Administering voucher assistance. The special conditions of enhanced voucher assistance (enhanced voucher minimum rent and the special payment standard rules) are applicable for as long as the family receives voucher assistance at the project.

If an owner subsequently raises the rent for an enhanced voucher family in accordance with the lease, State and local law, and voucher program regulations (including rent reasonableness), the PHA will use the new gross rent to calculate the voucher HAP payment for the family.

The PHA must identify an eligible family as an enhanced voucher family even if the gross rent of the family's unit does not currently exceed the normally applicable PHA

payment standard. Since the enhanced payment standard rule also covers any subsequent rent increases, it is possible that the special payment standard may come into play later in the family's tenancy. An enhanced voucher family is also required by law to pay no less than the enhanced voucher minimum rent, regardless of whether the gross rent exceeds the normally applicable PHA payment standard.

- (1) Enhanced voucher minimum rent. The enhanced voucher minimum rent requirement remains in effect for all families who receive enhanced voucher assistance and remain at the property.
- (2) Special payment standard. Subject to availability of appropriations, the payment standard used to calculate the family subsidy will continue to be enhanced to match the gross rent for the unit if the gross rent exceeds the normally applicable payment standard and the PHA determines the rent is reasonable for as long as the enhanced voucher family continues to reside in the same project.

If the owner raises the rent for a family assisted with an enhanced voucher in accordance with the lease, State and local law, and voucher program regulations, the PHA will increase the enhanced payment standard to equal the new gross rent (rent to owner and the applicable PHA utility allowance for any tenant-supplied utilities) for the unit provided the PHA determines the rent is reasonable. The additional cost of the subsidy will be covered through the regular renewal process for the PHA's voucher program.

If a change in the PHA utility allowance (either an increase or decrease) affects the gross rent for a family assisted with an enhanced voucher, the PHA must adjust the enhanced payment standard accordingly. The enhanced payment standard may never exceed the gross rent for the assisted family's unit.

Again, it is emphasized that the PHA always applies the normally applicable payment standard if the family subsequently moves from the project.

- (3) Over-housed families. For the enhanced voucher policies that are applicable to families residing in units where the actual number of bedrooms exceeds the family unit size for which the family qualifies under the PHA subsidy standards (i.e., "over-housed families"), please see Notice PIH 2008-12 (extended by Notice PIH 2011-20).

**9. Paperwork Reduction Act.** The information collection requirements contained in this document have been approved by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520). The OMB control numbers are 2577-0169, 2502-0204, and 2502-0086. In accordance with the Paperwork Reduction Act, HUD may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection displays a currently valid OMB control number.

**10. Further Information.** Any questions concerning this Notice should be directed to the Housing Voucher Management and Operations Division, Office of Public Housing and Voucher Programs, at (202) 708-0477 (this is not a toll-free number). Persons with hearing or speech impairments may access these numbers via TTY by calling the toll-free Federal Information Relay Service at (800) 877-8339.

9. Below is a list of unassisted units occupied by households determined **not** to be at-risk, accompanied by a calculation that demonstrates that each household has an annual income greater than HUD’s FY 2014 low income limit, **or** the household would not (in the absence of voucher assistance) have to pay more than 30 percent of their adjusted monthly income for rent.

|    | <b>Unit Number</b> | <b>Household Name</b> | <b>Size of the Household</b><br>(e.g., 4 person household) | <b>Household’s Annual Income</b> | <b>HUD’s FY 2014 Low income Limit for a Household this Size</b> | <b>Household’s Adjusted Monthly Income</b> | <b>Applicable Monthly Rent of this Unit</b> | <b>Applicable Monthly Rent/ Adjusted Monthly Income [not more than 30%]</b> |
|----|--------------------|-----------------------|--|----------------------------------|---|--|---|---|
